Wild WE Member of the Month Interview with Deborah Driscoll

Deborah Driscoll - President, Global Recruiters of York Maine
[contact her](#)

This month, our interview is with an extraordinary woman! Deborah Driscoll is President of Global Recruiters of York Maine. With over two decades of corporate experience, Deborah specializes in the recruitment of mid and senior level management.

Deborah's clients are publicly and privately held companies, and most operate with a creative, entrepreneurial attitude. They offer unique programs, and are able to compete effectively in their markets because of their state-of-the-art systems.

Deborah is happy to explore new opportunities with Wild WE members, and she mentioned that referrals are greatly appreciated.

What inspired you to start your business?

I was inspired by the concepts of finding new friends, working at home and having fun!

What's your vision for your company?

My vision is to place the right people in the right position, and make their life more enjoyable.

What was your background before starting your business?

My background is in telecommunications within corporate America for 33 years, ending my career as a network consultant.

Tell us a little bit about your personal life.

I lived single most of my life, then I met the man of dreams on match.com. We married in June of 2005, and live in a quaint New England town near the ocean. We travel to romantic places for long weekends. We also started this business together. I have 6 grandchildren now and a new son and daughter. Life is an adventure - you never know what's around the corner.

How do you balance work and personal life?

Balancing work and personal life is not hard for me. I have been doing it all my life. After work, you need to relax - go for a walk on the beach and plan frequent weekend getaways. You need to learn how to relax from the stress of everyday living.

What do you find most rewarding about being an entrepreneur?

The most rewarding thing about being an entrepreneur is being my own boss!!! It's greatly satisfying.

What's the best piece of advice you would give other women starting out in your field?

Make sure it's something you love to do. Then roll up your sleeves and get to work.

Why did you join Wild WE?

I joined Wild WE to meet other interesting women.
